

## Declaration of Compliance: RoHS (UK and EU)

Peppers Cable Glands Ltd designs, manufactures and supplies industrial and hazardous area cable glands, thread adaptors, stopping plugs and associated accessories to British and International Standards.

This statement is made in regard to UK and EU RoHS articles of legislation.

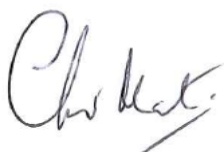

Please note that product types supplied/manufactured by Peppers are not directly subject to the legislation since none of our products are electrical or electronic products themselves. We do however recognise that the products we supply are generally incorporated by our customers into products and/or systems that are affected by the legislation.

Peppers Cable Glands Ltd declares to the best of its knowledge and belief, partly based on information provided by our suppliers and subcontractors, that its products are compliant\* to the requirements defined in Directive 2011/65/EU of the European Parliament and the Council of 8 June 2011 and Directive 2015/863/EU (RoHS 3, sometimes referred to as “RoHS 10” since it addresses 10 substances) amending Annex II to Directive 2011/65/EU of the European Parliament and of the Council concerning the restriction of the use of certain hazardous substances in electrical and electronic equipment (EEE).

- \* Peppers declares that its supplied products are in full compliance with the requirements of the above Directives with the single proviso that its brass articles contain Lead (Pb), which is permitted as an alloying element under RoHS Exemptions, Article 4(1) Restrictions, Annexes III & IV Lead and lead compounds 6(c) Copper alloy containing up to 4 % lead by weight. Expiry Date: 21 July 2026.

The grade of brass used by Peppers typically has a lead content of 3.7% by weight.

RoHS restricted substance	Maximum tolerated value (by weight)
Lead (Pb)	0.1% (1000 ppm)
Mercury (Hg)	0.1% (1000 ppm)
Cadmium (Cd)	0.01% (100 ppm)
Hexavalent chromium (Cr VI)	0.1% (1000 ppm)
Polybrominated biphenyls (PBB)	0.1% (1000 ppm)
Polybrominated diphenyl ethers (PBDE)	0.1% (1000 ppm)
Bis (2-ethylhexyl) phthalate (DEHP)	0.1% (1000 ppm)
Butyl benzyl phthalate (BBP)	0.1% (1000 ppm)
Dibutyl phthalate (DBP)	0.1% (1000 ppm)
Diisobutyl phthalate (DIBP)	0.1% (1000 ppm)
